Land Acquisition-Establishment - Temporary - Increase of Land Acquisition correspondence in the Collector's Office, Bellary-Sanction of one Lower Division Clerk-Requested.

...

The Land Adquisition work in my office has enormously increased of late. This is chiefly on account of undertaking the acquisition of Famine Roads covering a length of about 180 miles and the vast extents of lands for afforestation purposes along the banks of the Hagari river in Bellary and Adoni divisions in this district. In addition, this branch of work has been in the increase on account of requisitions for acquisition of lands for various other development schemes in this district.

There are at present 210 land acquisition currents pending in my office. In most of these cases, very large number of lands are involved. All these currents are being attended to by a single Upper Division Clerk at present. The work involved is found far too voluminous for one clerk to manage with the requisite degree of efficiency. In addition to the work of three Revenue Divisional Officers, I have now to effectively supervise and control the work of the Special Land Acquisition Deputy Collector (Famine Roads) Bellary who is exclusively in charge of acquisition work. A large number of P.V. statements received from the above officers have to be carefully checked and scrutinised before they can be approved. In the circumstances, I submit it is absolutely necessary to have one more lower division clerk to assist the present Upper Division clerk till 31-3-1949. Upto which time the work is not likely to decrease. I therefore request that a Lower Division Clerk may be sanctioned till the end of March 1949 for the above, purpose.
